Independent Auditor's Report

Board of Trustees
Associated Colleges of Illinois, Inc.
Chicago, Illinois

We have audited the accompanying financial statements of Associated Colleges of Illinois, Inc. (a nonprofit organization), which comprise the statements of financial position as of May 31, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Associated Colleges of Illinois, Inc. as of May 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Associated Colleges of Illinois, Inc. adopted the Financial Accounting Standards Board's Accounting Standards Update ("ASU") 2016-14, *Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities* as of and for the year ended May 31, 2019. The requirements of the ASU have been applied retrospectively to all periods presented. Our opinion is not modified with respect to this matter.

ASSOCIATED COLLEGES OF ILLINOIS, INC.
NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 1 – Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Associated Colleges of Illinois, Inc. (Association) is a not-for-profit consortium of twenty-four independent colleges and universities in the State of Illinois. The Association was incorporated in 1952. The purpose of the Association is to work with business, government and community leaders to enhance the strength of member institutions through collective action, help solve some of society's most pressing educational problems, and increase public understanding of the value and role of the Association's colleges and universities.

Basis of Accounting

The accounts and financial statements are maintained on the accrual basis of accounting and accordingly, reflect all significant accounts receivable, accounts payable, and other liabilities.

Basis of Presentation

The Association is required to report information regarding its financial position and activities based on the existence or absence of donor-imposed restrictions, as required by Generally Accepted Accounting Principles. Accordingly, net assets and changes therein are classified and reported as follows:

Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. Items that affect this net asset category principally consist of gifts without restrictions, including those designated by the Board, member assessments and related expenses associated with the core activities of the Association.

With Donor Restrictions – Net assets subject to donor-imposed restrictions that will be met either by actions of the Association or the passage of time. Items that affect this net asset category are gifts for which donor-imposed restrictions have not been met, endowment gifts, pledges, and investment returns on endowment funds. Expirations of restrictions on net assets with donor restrictions, including reclassification of restricted gifts and grants for buildings and equipment when the associated long-lived asset is placed in service, are reported as net assets released from restrictions.

Also included in this category are net assets subject to donor-imposed restrictions to be maintained permanently by the Association, including gifts and pledges wherein donors stipulate that the corpus of the gift be held in perpetuity and that only the income be made available for program operations.

ASSOCIATED COLLEGES OF ILLINOIS, INC.
NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 1 – Nature of Operations and Summary of Significant Accounting Policies (cont.)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents and Risk Concentration

Cash and cash equivalents consist of bank deposits in federally insured accounts. At times, balances may be in excess of the Federal Deposit Insurance Corporation (FDIC) limit.

For purposes of the statement of cash flows, all highly liquid debt instruments, if any, purchased with an original maturity of three months or less are considered to be cash equivalents.

Investments

Investments are carried at fair value. Realized and unrealized gains and losses are reflected in the Statement of Activities as increases or decreases in unrestricted net assets except for investments in the Willmott Fund, which are reported as increases or decreases in temporarily restricted net assets.

Property and Equipment

Expenditures greater than \$1,000 for property and equipment are capitalized and stated at cost less accumulated depreciation. Expenditures for maintenance and repairs are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Office equipment	5 years
Technology assets	3 years

Donations of any property and equipment are recorded at their estimated fair value as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Association reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Association reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Scholarships and Distributions to Member Colleges

The Statement of Activities reflects these distributions as grants and services to member colleges for the fiscal year in which the contributions were intended by the donor. Final distributions of contributions for fiscal year ending May 31, 2019 are made to the member colleges no later than the subsequent month.

ASSOCIATED COLLEGES OF ILLINOIS, INC.
NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 1 – Nature of Operations and Summary of Significant Accounting Policies (cont.)

Support and Revenue

The Association reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets.

Concentration of Revenue Risk

During the fiscal years ending May 31, 2019 and 2018, the Association received approximately 48% and 46%, respectively, of its revenue from member assessments. Any negative change in the economy may have a significant effect on future member contributions and fundraising efforts.

Donated Services

Contributions of services are required to be recognized if the services received (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. For the years ending May 31, 2019 and 2018, the Association did not receive any donated services meeting the above criteria.

In-Kind Contributions

In addition to receiving cash contributions, the Association may receive in-kind contributions from various donors. It is the policy of the Association to record the estimated fair value of certain in-kind donations as an expense in its financial statements, and similarly increase donation revenue by a like amount. For the years ended May 31, 2019 and 2018 the Association did not receive any in-kind contributions.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Activities and the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Directly identifiable expenses are charged to the specific program or supporting service. Expenses related to more than one function are allocated to program expenses and supporting services on the basis of time incurred reported by staff.

Income Taxes

The Association was granted an exemption from federal income taxes by the Internal Revenue Service pursuant to the provisions of Internal Revenue Code Section 501(c)(3). The Association qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and has been classified as an organization that is not a private Foundation under Section 509(a)(1). The tax-

ASSOCIATED COLLEGES OF ILLINOIS, INC.
NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 1 – Nature of Operations and Summary of Significant Accounting Policies (cont.)

exempt purpose of the Association and the nature in which it operates is described in the first paragraph of Note 1. The Association continues to operate in compliance with its tax-exempt purpose. The Association's annual information returns filed with the federal and state governments are subject to examination generally for three years after they have been filed.

Subsequent Events

Accounting principles generally accepted in the United States of America establish general standards of accounting for, and disclosure of, events that occur after the date the financial statements were available to be issued. The Association has evaluated subsequent events through October 10, 2019, which is the date the statements were available to be issued. No subsequent events have been identified that are required to be disclosed as of that date.

Not-for-Profit Financial Statement Presentation

During fiscal year 2019, the Association adopted Accounting Standards Update ("ASU") No. 2016-14 –*Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. This guidance is intended to improve the net asset classification requirements and the information presented in the financial statements and notes about a not-for-profit entity's liquidity, financial performance, and cash flows. The other main provisions of this guidance that impact the Association are: presentation of two classes of net assets versus the previously required three; and recognition of underwater endowment funds as a reduction in net assets with donor restrictions.

With that said, the Association does not currently possess any underwater endowment funds. The guidance also enhances disclosures for board designated amounts, composition of net assets without donor restrictions, liquidity, and expenses by both their natural and functional classification.

No reclassification of 2018 net assets were necessary by the adoption of ASU No. 2016-14 by the Association as of May 31, 2019.

Note 2 – Fair Value Measurements

Generally Accepted Accounting Principles defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the Association's principal or most advantageous market in an orderly transaction between market participants on the measurement date.

Generally Accepted Accounting Principles establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

ASSOCIATED COLLEGES OF ILLINOIS, INC.
NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 2 – Fair Value Measurements (cont.)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair value of debt and equity investments that are readily marketable are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs) or by quoted market prices of similar securities with similar due dates or matrix pricing. This is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on securities’ relationship to other benchmark quoted securities (Level 2 inputs).

Note 3 – Investments

At May 31, the Association had available-for-sale investments with Fair Value measurements as follows:

	Fair Value Measurements at May 31, 2019			
	Level 1	Level 2	Level 3	Total
Stock funds	\$ 749,746	\$ -	\$ -	\$ 749,746

Boot Camp	14,000	-
Willmott Endowment	175,890	174,796
	<u>\$ 305,228</u>	<u>\$ 324,343</u>

ASSOCIATED COLLEGES OF ILLINOIS, INC.
NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 6 – Retirement Plan

The Association's employees with at least one year of employment may participate in a college retirement equity fund. This fund is administered by the Teachers Insurance and Annuity Association. The fund allows for discretionary contributions from the Association based on a fixed percentage of an employee's salary. For the years ended May 31, 2019 and 2018, no discretionary contribution was made by the Association to the fund.

Endowment net assets, end of year	<u>\$ 174,796</u>	<u>\$ 200,000</u>

ASSOCIATED COLLEGES OF ILLINOIS, INC.
NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 7 – Donor Restricted Endowments (cont.)

In accordance with ASC 958, *"Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds"*, the following disclosures are made in these financial statements.

Net assets perpetual in nature are exclusively comprised of donor-restricted endowment funds representing investments in perpetuity. The perpetual in nature amount has been stipulated by the donor and is subject to change from time to time. This Fund's investment income is expendable to support minority leadership through scholarships under the Illinois Partnership for Minority Achievement Program. Contributions received from the donor, over and above the permanently restricted amount are also recorded as temporarily restricted until expended towards scholarship payments.

The Association has adopted an investment policy that maximizes the total return consistent with an acceptable level of risk. The investment returns are monitored from time to time by the Board and the invested assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk. Donor-restricted endowment net assets are invested in a well-diversified asset mix, which includes money market accounts, certificates of deposit and equity investments held by a broker.

The Board of Trustees of the Association has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Association classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts donated to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with UPMIFA, the Association considers the following factors in making a determination of the amount to appropriate for current operations:

1. The duration and preservation of the Fund
2. The purposes of the Association and the donor-restricted endowment Fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and appreciation of investments
6. Other resources of the Association
7. The investment policies of the Association

NOTES TO FINANCIAL STATEMENTS
May 31, 2019 and 2018

Note 8 – Lease Commitments

The Association leases office space and equipment under non-cancellable operating arrangements. These leases expire at various dates through June 2023. The future minimum lease payment under these leases are as follows for the years ending May 31:

2020	\$ 32,488
2021	33,259
2022	6,072
2023	506
	<hr/>
	\$ 72,325
	<hr/>

Rental expense for these leases included in the statements of activities for the year ended May 31, 2019 and 2018 was \$34,494 and \$29,391, respectively.

Note 9 – Financial Assets and Liquidity Resources

The Organization regularly monitors the availability of resources required to meet its operating needs and other contractual commitments. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its operations undertaken to support those activities to be general expenditures.

The Organization has \$1,161,732 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditure consisting of cash and cash equivalents and investments. \$305,228 of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the balance sheet date. The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.
