

now, for tomorrow.

Baker Tilly is a full-service accounting and advisory firm with a specialized focus on serving higher education and research institutions across the country. In addition to providing financial statement audit, tax, and internal audit services, we work with audit committees, boards, management, and internal audit functions to collaboratively address strategic areas such as risk management, research compliance, construction, sustainable energy, cost reduction, fraud, and information technology. We are adept at navigating the complex culture found in college and university settings and frequently provide thought leadership and advice on emerging issues. We emphasize this industry specialization across a range of services, helping our clients to:

- Manage risk and ensure compliance
- Gain assurance
- Optimize resources
- Expand reach and responsiveness
