

Behavioral Health Intern – AID Aurora & Multiple Locations – Summer & Fall 2021 - Social Work, Human Services, Counseling

Interns in our Behavior Health area will learn, observe and assist with the development and implementation of individual programs to maximize the client's independent community living skills and reduction of symptoms of mental illness. Interns will provide documentation on clients in accordance with DHS and CARF. Advocate for and maintain rights of clients that are served. Maintain and assure that all aspects of internship work involved comply with all applicable federal, state and accreditation standards. Bachelor or Master's level Internships are available in our residential, DD clinical, as well as out-patient areas.

Please apply online at:

<https://www.aidcares.org/internships/>

Resumes must be submitted with completed application.

Accepting applications until position is filled.
