

## Oct. 6 Work and Life Skills Boot Camp Features Technology, Finance Theme

Oct. 2, 2022

To help meet the challenge that many students face with positioning themselves for a successful life after graduation, ACI has designed a semi-annual event exclusively for students and recent alumni of ACI member college and universities.

The fall ACI Work and Life Skills Boot Camp, themed, Ready? Tech. Launch! will be

held Thursday, Oct. 6. This virtual career and life preparation event, via Zoom webinar, will feature spotlight sessions in the areas of technology and finance.

[Registration is now open](#) for Ready? Tech. Launch!

With the help of a Citi sponsorship, ACI schools have the opportunity to opt-in to a free lunch for students who prefer to view the boot camp as a group. Schools that provide a viewing room for students create an environment that promotes cumulative learning and assures reliable technology to attend the event.
